## Belle Glade And Bare Beach Families Left Homeless Following Fires Tues.

Home Of Widowed Mother  
6 Children Total Loss

A family of seven, the widowed mother and five children, were left homeless Tuesday when fire completely destroyed their six room frame home at Bare Beach.

The mother, Mrs. Isabelle Allison, had reportedly taken two of her sons to the doctor in West Palm Beach and returned minutes after the other children just home from school, opened the door to find the place ablaze.

The entire contents of the home were a total loss. Only a washing machine and lawn mower outside were salvaged. It is reported.

Clewiston Fire Department rushed to the scene and used up all the water extinguishing the fire and thought they had

it out but even when they left for tank refills the fire blazed up again and with the additional help of Lake Harbor Fire Department could not be controlled.

The mother, whose husband died about a year ago, is employed at the canteen of U. S. Sugar Company, Clewiston. The four boys, reportedly about 6, 8, 11 and 16 years of age and two girls about 14 and 16 were still at home. A married daughter, Mrs. Brenda Benfield, lives in Clewiston.

The family spent Tuesday night, some with the married daughter in Clewiston and others with a friend there, Mrs. Nina Stanford.

## Glades Deposits Up \$ 5 Millions To \$ 35,444,029

The Glades area on the east and south side of the Lake has gained some commercial banks. The Bank of Belle Glade, and has deposited in four financial institutions a total pushing \$4 million -- \$39,777,987.

The new bank at Belle Glade, opened November 14th, shows \$1,932,576 on deposit, with assets totaling \$2,411,075.

The Florida National's deposits are \$5,728,366, with total assets of \$6,272,932, and loans of \$1,458,620.

The Bank of Pahokee's deposits are given as \$9,686,862, and total assets of \$10,268,124, with loans of \$1,955,496.

Everglades Federal Savings & Loan has \$18,006,227 in the share-holders account, and loans \$17,558,738. Their total assets are listed at \$20,826,756.

Everglades Federal has opened a handsome new branch at Pahokee to serve the northern part of the territory.

With a gain of near 17 percent in deposits, and two new financial institutions having near \$40 million in combined assets the area is reflecting through these financial institutions substantial growth in the business world.

## Belle Glade To Launch Mass Polio Immunization Program Jan. 19 With New Sabin Oral Vaccine

A community-wide effort to help wipe out polio in Belle Glade, South Bay and Lake Harbor will be launched by the Jaycees in cooperation with the Palm Beach Medical Society on Jan. 19 it was announced today by Ray Alston, president.

Mr. Alston urged all citizens to turn out at immunization stations on Jan. 19 to receive their first dose (Type I) of the Sabin oral polio vaccine. Ages of six weeks and on up are eligible to take the vaccine.

While there has been a dramatic decline in the number of cases of paralytic polio, Mr. Alston said, "the disease is not yet defeated." In the United States, there were more than

800 cases of polio in 1962. At most 700 of these suffered either some sort of paralysis or death from the disease.

"The Sabin vaccine may be the final answer to the fight against this dreaded disease. The vaccine is easy to administer -- no injection; it provides rapid action -- in about one week, and it helps break the chain of transmission by stimulating intestinal resistance to future infection.

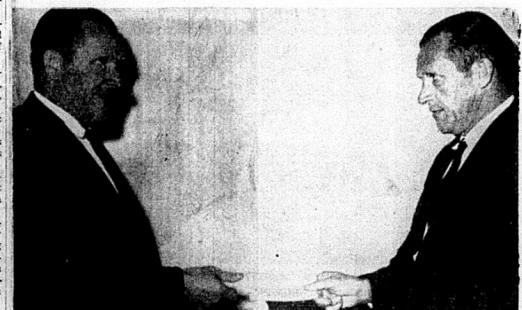

"The possibility of wiping out polio," he added, "is closer than ever before. We have the tools. Now it's up to the community to use them."

Oral vaccines are available against all three types of polio. All three of them were developed by Dr. Albert Sabin of the University of Cincinnati School of Medicine.

Mr. Alston said that the Palm Beach County Medical Society has purchased doses of each of the three types of Sabin vaccine.

## WORLD'S FAIR

VAN KESSEL TWINS? — Not really, just a trick photograph of E. F. Van Kessel (right) as Chairman of the County Commission, handing himself (left), as Chairman of the Palm Beach County World's Fair Authority, Inc. the county's official \$300,000 contribution toward the \$215.00 fund needed to build and maintain the county's "Ride in Orbit" exhibit at the New York World's Fair, scheduled to open next April 28.

Contributions are being sought from the 38 incorporated communities in the county and other business interests who will directly benefit from the millions of potential Florida visitors expected to attend the Fair and visit the Palm Beach County exhibit. Van Kessel (and his twin) said. He (or they) reported that a number of communities already have committed "substantial contributions" which will be announced soon. Other contributions may be mailed to the Palm Beach County World's Fair Authority, Inc. P. O. Box 1989, West Palm Beach.

Two members of the Authority will be at the exhibit at the Fair to feature, through colored pictures and recorded sound "story," the sugar, vegetable and cattle production of the "Glades area."

He revealed that the "Ride in Orbit" exhibit will be a huge, tilted bowl inside of which will be a number of plastic capsules, each seating two passengers. The capsules will revolve in the bowl as special "directional" color pictures are flashed into each capsule which will be viewed for sound. The pictures, Van Kessel said, will tell the "complete Palm Beach story" to a capacity more than 7,000 passengers a day. A tape recording will describe the scenes, he said.

In addition, the exhibit will feature an automated "push button" guide machine which will answer 120 questions about Palm Beach County, including its agricultural assets as well as tourist attractions, Van Kessel said.

A "preview" of the orbit and a report on the Authority's progress in "getting it underway" for the April 28 opening of the Fair will be made at a special meeting in West Palm Beach.

Girls' Enter Now For Annual Harvest Queen Contest Mar. 21

The Belle Glade Jaycees are announcing the 11th Annual Harvest Queen Contest for March 21.

A rundown on sugar acreage in the state shows 50,725 acres planted by 13 growers, produced 310 million pounds of sugar processed by 3 mills for 1960.

Acreage jumped for 1961-62 planting to 60,997 acres, which produced 425 million pounds of sugar grown by 19 growers, processed in 3 mills.

1962-63 season finds 127,934 acres planted produced 816 million pounds sugar in 10 mills, grown by 111 growers.

The present harvest in under way on 123,000-acre planted last year and it is anticipated will exceed 185,000 acres.

Total value figure of the Sugar Cane Industry for Palm Beach County shows \$59,379,170.00 for crops harvested ending last June.

"Only the best industry is down in the Glades," the "Glades County" agent reported, "but relatively few people are employed in this industry."

Mr. Causey went on to say he expects to see beef regain its 1960 \$11,500,000 value figure (as compared to \$7,700,000 for 1963) as pasture as pastures are re-located in the area.

## File Homestead Exemption Apps At City Hall Tues. The 14th

Through the efforts of the City Tax Assessor and Collector Mrs. Renee Lee and County Tax Assessor Maxwell, Mr. Carl Bates of the County Assessor's Office will be at the City Hall, Belle Glade between the hours of 10:00 a. m. and 2 p. m. on Tuesday, January 14th for the purpose of assisting in filing applications for Homestead Exemption as well as Tangible and Intangible Tax Returns.

If you have not filed homestead exemption application be sure to attend to this; if you have other questions about returns, THE MAN will be there ready and willing to help you.

The County Assessor files with the City those applicants he receives, so that both are cared for at one time.

This is a courtesy of both offices, and you'll show your appreciation by having the legal description (lot and block number) of your property, your street address, if any and other information concerning your property.

## Newcomers To Belle Glade Ousted From Home By Fire

The frame home at 60 Avenue C. S. E. occupied by Mr. and Mrs. Carl Cheahire and a teenage daughter and owned by D. C. DeFlaven, was badly gutted by fire and smoke when flames of undetermined origin destroyed a large part of the interior Tuesday night.

"Belle Glade Fire Department" received the call about 7:03 and rushed to the scene but much damage had already been done.

The Cheahire family are staying with neighbors until they can find another home.

Association Elects Emil Wolf President

Emil Wolf, associate horticulturist at Everglades Experiment Station, recently attended the annual meeting of the National Sweet Corn Breeders Association at Chicago, Ill., where he was program chairman for the meeting.

Mr. Wolf was unanimously elected president of the association for the coming year. Approximately 30, including sweet corn breeders from Experiment Stations throughout the United States and representatives of the Glades USDA office.

5 1/2 Inch "Stob" Of Butcher Knife Fatally Hits Heart

Moutrie Green handed his butcher knife to his common-law wife, Mamie Lee Walker, as he was going down the steps to intercept a young man with whom he and his wife had previously had some difficulty.

Moutrie met the boy and they became entangled in a scuffle but a third boy — one whom the previous argument included — came up the steps and attempted to join the fray, according to witnesses.

Mamie Lee decided to join in with the butcher knife, with the result that the knife punctured the heart from side to side, and Eugene Norwood, the newcomer, died shortly thereafter.

It was reported that Norwood was attempting to act as peace-maker, by his own admission; Mamie Lee apparently had a different idea of his presence.

## W. M. (Billy) Jeffries Retires With 35 Years in Water Control

W. M. (Billy) Jeffries, 62, retired from thirty-five years of service to the farmers owning 21,900 acres of land around the south end of Lake Okechobee, within the next 60 days.

Billy's medical advisor says "slow up to a mere walk, if you want to stay here and do well," so Mr. Jeffries has submitted his resignation as Commissioner and Manager of the South Florida Conservancy District, a sub-drainage district commencing northeast of Belle Glade, some five miles, and continuing around the Lake to a point near Clewiston.

The South Shore Drainage District, consisting of some 2,900 acres contiguous to the shores of Lake Okechobee, commencing with the City of South Bay and continuing to Lake Harbor is not included in the SFD District.

Within the district are large cane fields of the US Sugar, the Glades Sugar House; some acreage of Florida Sugar, Okeelanta and bits for other mills.

Within the district are headquarters, and original operations of some 60 percent of the Glades winter vegetable fields; cattle pastures are generally now removed to colder lands to give way to sugar cane, though the Glades Cattle Auction Market is within the district.

Belle Glade, the largest community around the Lake, is within the district.

Mr. Jeffries' activities have included watching the water table for tobacco, asparagus, bull-roses, ramsay, kenaf and other crops not now important in the more-than-\$100 million annual agricultural production of the area.

## South Bay To Get First Phase Of City Water Plant

Work is expected to get underway this week on laying the main transmission line from South Bay City Water Plant along 27 to the intersection of NW First Street, Mayor J. C. Bowen and Water Commissioner Franklin Kelley announced today.

The contract for this first phase of South Bay's new water treatment plant was signed on the Wednesday night City Commission meeting with Fred L. Bray, Ft. Lauderdale Contractor.

The 12" main will be laid at a cost of approximately \$65,000 it is reported.

## Hospital Auxiliary Membership Drive Benefits Patients

Chairman, Mrs. Roy Brown of the Women's Auxiliary of Belle Glade Memorial Hospital, is announcing the Annual Membership Drive of the organization, specializing in "Patient Care."

The unit has donated \$1,000 towards furnishing the Nurses Home, and especially the new addition of six bedrooms with a bathroom and a living room.

Mrs. Brown points out: "Our hospital is very crowded — and the new hospital should be under construction before the end of January."

"Your hospital is a community — in 'getting it underway' with such a growing population in Belle Glade more demands are made"

Sugar cane farmers officials, and members of the American Sugar Cane League of Louisiana are enjoying a visit to the cane fields of Florida.

Tuesday they were guests at the Clewiston Mill of US Sugar and at a buffet dinner Tuesday night.

Wednesday morning, Harry Vaughn, Jr., had them as guests at the new Canal Point mill of US Sugar.

Bob Lee, for the Glades Sugar House, took them in tow for a visit to Glades harvest operations and a study of the loading yard at the Sugar House.

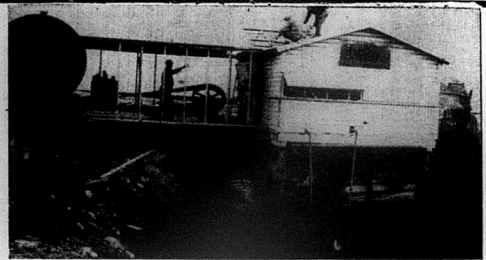

A fried chicken luncheon was served to the entire group by the farmers of the Sugar House, and a special dinner party was enjoyed at the Royal Palm Beach Inn Wednesday night.

plans for water control that are only today experiencing fruition. Among the plans of "J. B." Billy's brother, were the mapping of settlement of the Everglades Drainage District's burdensome debt with the ubiquitous bond dealer H. C. Rorick. Billy Jeffries' original association with the District was as a pump operator; from that he has followed the trials and tribulations of the district through refunding of millions of bonded debt, reconstruction rehabilitation and upkeep of pumps and power units which have more than "seen their day."

Having pushed, pulled and jerked the operation of the District so that farmers might produce the crops each desired, with consequent collection of the annual tax to a point where the sinking fund is today able to retire all of the District's bonded indebtedness, Billy hears his doctor say, "Let someone else have the job."

In accordance with provisions of state, South Florida's bonds must run a definite time before

being redeemed — 1967; but the money is in the bank for payment in full, and at interest. Recently — last year — the district continued its collection of taxes, to provide capital with which to replace the more-than-35-year-old Farbanks diesel with modern diesels of increased power, less than half the size, and less than half the investment. Operation costs are some lower than with the old engines, and human attention is eliminated to a great extent by automatic controls, thereby saving on operator's costs.

Present plans of the District include the deepening and widening of the canal which runs east and west, south of the City of Belle Glade, and which will allow the City positive run-off, not now enjoyed, south of the Hillsboro.

A 36,000 gal-per-minute pump was installed at the Hillsboro just east of the City limits some years ago, which gave added run-off to that part of the City north of the Hillsboro.

There is now being installed, by owners of some 1,400 acres

#### Robert (Bob) Davis Former Resident Here Buried In Orlando

Robert (Bob) Davis, 66, of Jacksonville died Dec. 31, 1963 after a long illness. A former resident of Belle Glade he was born in West Palm Beach in 1897 and lived in Belle Glade most of his life. He was a carpenter by trade.

Survivors include his widow, Mrs. May Davis, Jacksonville; four sons, J. R. Davis, Pahokee, E. M. Davis, Belle Glade, and Charles and David Glade, and seven daughters, Mrs. Verdie Hart, Belle Glade, Carol Davis, Mrs. Kathryn Brooks and Mrs. Betty Langdale, all of Jacksonville, Mrs. Valentine St. Fl. Lauderdale, Mrs. Elizabeth Vanderwagon, Orlando, Mrs. Margaret Coffee, Winter, Haven, Mrs. Ollie Kapp of Vero Beach, 35 grand children 15 great grandchildren.

Graveside services were conducted in Orlando at the Orlando City Cemetery on Jan. 4.

#### Walter Haulcomb Rites At 2 P. M.

Walter Haulcomb, 83, of Lake Harbor died Tuesday at Lantana Hospital after an extended illness. A native of Alabama he came to Lake Harbor from Alabama 10 years ago. He was a member of the Church of Christ, Belle Glade.

Survivors include his widow, Mrs. Maggie Haulcomb of Lake Harbor; three sons, Pete and Coy, Lake Harbor and Herbert of South Bay; 19 grandchildren and 17 great grandchildren.

Services will be conducted at 2 p. m. Thursday at the Church of Christ, with Mr. Harry Darrow, Jr., officiating. Burial will be in Ridgeland Cemetery, Clewiston.

William Funeral Home is in charge of arrangements.

of land, including the Sugar House, an additional 40,000 gpm pump on the Hillsboro, which adds to the water control, north of the Hillsboro.

The definite plan to replace old power units with modern ones, has seen an installation at the Hillsboro east of the City, and one at Chosen. One has been installed at Bare Beach. Others are on schedule on the pay-as-you-go plan.

All intake pipes within the district have been lowered to take care of deepened canal bottoms necessitated by the lowering of surface elevations thru out the district.

There are eleven 54,000 GPM pumps serving the district; there are two 36,000 GPM, one 43,000 and one 14,000 GPM.

Among the problems facing the district's manager at times have been chasing a check to pay for a trailer load of fuel with which to run the pumps; renewing notes for parts and repairs, after worrying for deposits in the interest and sinking funds.

The Elements, unfortunately, disregard night and day schedules, necessitating 24-hour alertness for rains, lack of rains, floods and normal maintenance of canals.

At one time — 33 to 37, approximately a third of the lands within the district were delinquent in tax payments and operation was maintained thru advanced tax payments by the district's largest landowner, the US Sugar.

Now that outside lands have been diked and are under water control, and the C & SF FCD overall system is operative, danger of floods topping the district's perimeter dikes is eliminated; normal pumping caused by seepage is greatly reduced and the bonded debt cared for, taxpayers will face only needs for operation and maintenance, plus replacements.

One more Pioneer of the Glades must now "take it easy" and guard what's left of the motive power, to retire in contemplation and restlessness at inactivity.

Mrs. Jeffries has found time from his 35-year and 24-hour alertness to his job, to serve as Mayor of South Bay five times in addition to two terms as ordinary Councilman; Attendant demands on a public spirited citizen has always found Billy Jeffries time and work at the disposal of his Community.

## Ahrens Address Is Due To Be Made

Edward P. Ahrens, District Director of the Immigration and Naturalization Service, advised today that the annual address report program is again under way.

Mrs. Ahrens added that 185,000 aliases reported their addresses last year in Florida. The number this year is expected to be slightly smaller, but she attributes the anticipated decrease to cessation of the air flow from Cuba.

The Immigration official pointed out that the address reports are required by law and will fail to comply with the requirements may lead to serious consequences.

Forms which will make the reports are available at all Post Offices and Immigration and Naturalization Service offices. It is an easy matter to fill out one of the cards and return it to the same office.

Mrs. Ahrens added that trained personnel will be on hand in all offices of the Immigration and Naturalization Service to answer any questions the reporting aliens may have regarding immigration and naturalization laws.

Persons who are not available to furnish this assistance in all Post Offices.

## County Chairman Mothers March

Mrs. Frances Duval

Mrs. Frances Duval, 1000 McIntosh St., West Palm Beach, a long-time volunteer in Palm Beach County's March of Dimes organization, will serve as county Mothers March chairman for the January fund campaign.

Acceptance of the assignment to coordinate the activities of hundreds of volunteers who will be marching January 30, was announced by Dr. V. D. Stone, chairman of the Palm Beach County Chapter, The National Foundation.

Heading up the county Mothers March group is not new to Mrs. Duval — she held the post several years ago and has continued to assist with the West Palm Beach Mothers March since that time.

Mrs. Duval continued as active as a volunteer worker in the organization after her two young daughters were stricken with polio, within hours of each other. The was during the era when the National Foundation was seeking means of preventing polio — before the days of sick vaccine.

After her daughters recovered, Mrs. Duval continued as a volunteer worker and has been a director of the county chapter for several years.

Plans for the county-wide March, she said, are well underway and the greatest need in all communities is for volunteer workers to take part in the one-night house to house fund solicitation.

Most of the funds raised during the January March of Dimes will be channeled into a fight against birth defects and arthritis.

Calling attention to the 250,000 babies born each year with serious birth defects, Mrs. Duval said, "I can't perform surgery or give treatments to help these youngsters walk and play, neither can I conduct research which will find answer to these tragic conditions. But with the help of other mothers in Palm Beach County, I can help raise the money to make a brighter future possible for these tragic conditions."

## Evening Courses In Business Ed Begin Jan. 13

The Palm Beach County Vocational School, in cooperation with Pella Morris, Principal of Belle Glade High School, is planning to offer evening instruction in the field of Business Education, according to Kenneth F. Johnson, Director of Vocational Education for the county.

Classes will continue with a new term beginning January 13, Monday evening at the Belle Glade High School in the typing room. If sufficient interest is shown, classes may be started in beginning, intermediate and advanced typing, beginning and advanced bookkeeping, business English and Gregg Shorthand. Shorthand classes will meet two nights a week from 7:00 to 10:00 on Monday and Thursday. Typing classes will meet two nights a week from 7:30 to 10:00 every Monday and Thursday. Bookkeeping classes will meet one night a week from 7:00 to 10:00 every Tuesday evening. Beginning Bookkeeping will meet from 7:00 to 10:00 on Thursday evening. Business English will meet one night a week from 7 to 10 every Wednesday evening. There is no tuition fee; however, there is a small registration fee and students must furnish their own supplies.

This instruction is part of the School Board's Vocational Education program and is for adults 16 years of age or over who are not regularly enrolled in high school. The classes are tentative to a minimum enrollment of 15 persons. Those interested in this instruction are requested to attend

## Adult Education Credit Classes Resumed In Glades

Adult Education credit classes resumed meeting following the holidays on January 5, 1964 at Belle Glade High School, Bryant School, East Lake School, Everglades School, Lake Shore High School, Okeechobee School, Okeechobee School, Pahokee High School, Rosenwald School. Non-credit classes will resume during the week of Jan. 13th, according to a reminder today by Paul L. Phillips, Director of Adult Education.

The credit classes are: Belle Glade High School: Social Studies, Monday night; English & General Shop, Tuesday night; Science, Wednesday night; Mathematics, Thursday night.

## Believed Death-Trap Car Recovered From Canal

DEATH TRAP CAR — This 1949 Plymouth, pulled from North New River Canal, South Bay, Sunday by investigating authorities is concluded to be the death trap car of Irving and Elizabeth Silver, a Miami couple, on the missing persons list since 1958.

The car was found by Arthur Collins of the South Bay Truck Stop Sunday while diving in the murky canal waters near the South City limits of South Bay to locate a '51 Pontiac reported in the canal.

Passengers in the Pontiac, Rancel Rios, 20, Miami, and two unidentified companions were not hurt when their car plunged into the canal last Friday.

The mud-covered deteriorated Plymouth bore a 1958 license tag and contained bones of a male and female when found Sunday as the Sheriff's Department searched for the second car. Other items found in the car were a woman's shoes, cooking utensils, clothes hangers, flash light and miscellaneous items. Surprisingly the tires were still up, including the spare.

Evidence for the county medical examiner is being accumulated by the Sheriff's Department to establish the positive identification of the victims.

## Fl. Myers Radio Jan. 18 & 19th

W. E. (Bill) Woodruff, President of the Lee County Sheriff's Posse, sponsoring body of the Southwest Florida Radio, has announced the date of January 18 & 19, 1964 for the Fourth Annual Championship event.

Races will start at 2:00 p. m. on each day at Terry Park arena in Fort Myers, Florida. There will also be a parade from downtown Fort Myers to Terry Park, starting at 11:00 a. m. on Saturday, January 18.

W. E. Woodruff, Sheriff of Lee County, has named Harold McLeod of Gulf Coast Farms and Roland Skipper of Matlacha plantation as co chairmen.

Events will include bareback horse riding, saddle bronc riding, calf roping, bull riding, bull dogging. For the gentler sex there will be a cowgirl roping race each day, with the winner of this event crowned queen on Sunday. A calf scramble will be staged by the youngsters each day.

The Lee County Sheriff's posse drill team will exhibit their dazzling precision performance each day. All of which promises to make a bigger and better rodeo in '64.

Registration books will be open from January 2 thru January 14 at 8:00 p. m. Registrars are: Gony Stowell and Buck Huber. Entries may be sent to P. O. Box 4173, N. P. Myers, Fla. Phone entries may be made to KIDman 4-2545, N. P. Myers, Fla.

Printed guidelines will be furnished each participant and there will be a question and answer period.

## Belle Glade Postal Receipts Increased 30.5% Over 1962

For the first time in the history of the local post office, gross postal receipts for a calendar year have exceeded \$100,000 according to postmaster Ross A. Nash. Receipts for 1963 were \$122,339.43, an increase of 30.5 percent over 1962, said Mr. Nash.

The first available receipts for this office were for the last six months of 1929 which were \$232.25. Receipts for a calendar year first exceeded \$100,000 in 1940 and \$100,000 in 1955. Receipts for 1955 were \$85,629.18 so receipts have more than doubled in an 8-year period, said Mr. Nash.

This office has issued, said Mr. Nash, 33,619 money orders, an increase of 2.5 percent over 1962 and handled for registered a total of 7,693 letters, an increase of 54.2 percent over 1962. Only in the number of COD parcels for delivery was there a loss, said Mr. Nash, from 2639 in 1962, to 2494 in 1963.

The number of COD parcels handled at the office, according to Mr. Nash, is directly in proportion to the dollar flow of the laborers in the area. The big freeze in December of 1962 was responsible for fewer laborers being used than anticipated, and this affected the number of COD parcels received for 1962.

In addition, said Mr. Nash, 961,632 pieces of outgoing mail were handled at this office for the last six months of the year, an increase of approximately 6.1 percent over the same period in 1962. This is the first time, said Mr. Nash, Belle Glade has been requested to keep records on pieces of mail handled for dispatch so the increase is based on estimated figures for the last year, will be 1962. Of this mail, concluded Mr. Nash, approximately 24 percent is handled during the period which includes the Christmas period.

## Hunting Season Closing Down

Hunting of deer, turkey and bear closed in most sections of Florida at one-half hour after sunset January 5, as did duck, quail and rabbit hunting. Hunting of woodcock closed statewide at sunset January 4. Snipe hunting closed December 30, according to Mr. Nash.

Hunting of quail, squirrel and rabbit will continue until one-half hour after sunset Sunday, February 23.

The season for hunting deer, bear and turkey will remain open until the Third District until January 12 except in Okaloosa, Walton, Escambia and Santa Rosa counties where the deer and bear hunting season closed January 1.

The third and final phase of dove hunting closes at sunset Sunday, January 12.

A special turkey gobble hunt will be held in the First, Second and Third Districts and in Putnam County on the Fifth District March 22 to April 12, from one-half hour before sunrise until 12:00 noon each day.

### UNCLE DAN from DOOLIE says:

Dear Mister Editor:

The fellows at the country store Saturday night was discussing everything from Vietnam to the Congress and from foreign aid to women.

They was a little confusion on some items, for instance Zeke Grubb argued Vietnam was in South America and nobody claimed to know nothing about women. But, general speaking, the fellows was overflowing with wisdom on all matters.

First off, Ed Doolittle said he wanted to pay his respects to them noble Congressmen on the matter of trying to get their wages raised \$10,000 a year. Ed allowed as how ever Congressmen in Washington know when he was beating the bushes for votes two years ago exact what the wage scale was for the job. He was of the opinion that any Congressman that had any respect for himself or his constituents would wait till after the general election in November before voting himself a fat hike in pay. Ed figured a Congressman had ought to come home and tell the voters he was going to support a bill for more pay and then let the people give him the raise if he was elected. That made sense to all the fellows and it was so voted.

Zeke brought up the matter of foreign aid again. It has got to the place where Zeke gets so mad about this foreign aid business his old lady has to put a ice bag on his head ever time he picks up the morning paper. Zeke said maybe Vietnam want in South America like he argued, admitted it might be in Africa like the other fellows claimed, but he allowed as how his geography was right on the beam when it come to foreign aid.

He was quoting from a speech by Congressman Otto Passman of Louisiana where the Government agency that holds the money box for foreign aid closed out the physical year with nearly 8 billion dollars in unspent funds. Furthermore, Zeke said Congressman Passman reported that move'n a billion dollars of that money wasn't even earmarked or obligated for nothing, was just laying there idle to be grabbed off by the first country that come along and put up the poorest mouth.

Clem Webster announced the "aid" program he was backing in the next election was this Federal aid to education bill. He said he had wrote a letter to his Congressman promising his support for this bill if they would use all the money for teaching arithmetic in Washington.

"Personal, Mister Editor, don't think they was much we can do about money. Slow but certain this item has got the human race in a squeeze. The

tuents would wait till after the general election in November before voting himself a fat hike in pay. The vaccines have been distributed in other countries to more than 200,000,000 persons. More than 60,000,000 doses of the oral vaccine have already been distributed in this country in community-wide programs similar to the one planned for this area.

The vaccines will be dispensed at the following times and places:

Belle Glade High School, Osceola School, South Bay Elementary School, Lake Harbor School, Lake Shore High School, Belle Glade Rosenwald School, South Bay and Okeechobee Center School.

The first dose will be administered Sunday, Jan. 19, from 12 noon to 6 p. m. at each of the schools; the make up dose will be administered on Jan. 26 from 12 noon to 6 p. m.

Second dose will be Feb. 23 with make up dose March 13; third dose April 5 with make up dose on April 12.

A trial dry run or model station will be held Jan. 12 at Belle Glade High School and at Lake Shore High School. Any one wishing to see how this will set up may do so at that time. Jaycees in charge of the various schools will be Bart Ward at Belle Glade High School

Alston at Osceola Center; R. H. Cooper at South Bay School; Andy Blufone at Lake Harbor; Al Maloy at Lake Shore High; Jessie James at Rosenwald; George Mann at Okeechobee Center.

### Lighting Affects Eyesight And Grades

One way to help your child double-duty as a study area. If with his home study assignments is to provide adequate lighting in his study area.

Ample lighting will make reading easier, safeguard his eyesight, and help him to concentrate. In this way, it may affect his grades, points out Miss Mary Todd, Palm Beach County Home Demonstration Agent.

Examine the light bulb in your child's study lamp. Does it produce a glare? If it does, one of the new incandescent soft white 150-watt bulbs with an inside white coating will cut glare and diffuse the light. Or use a 40-250 watt bulb. High wattage bulbs are needed for eye comfort for long periods of reading.

Next look at the lamp shade. An opaque shade helps to prevent glare. For effective light distribution, the shade should be white on the inside, open at the top and flared at the bottom.

Your dining table may do

double-duty as a study area. If it does, you may consider a light fixture with a three-way 100-300-watt bulb. Turned to the 300-watt level, it will distribute light well over the study area. Additional general room light is needed in the room where your child studies. If only one light is on, the contrast of darkness and light in the room may cause eye strain and fatigue.

Light-colored walls in the room also help to give better light. Avoid dark, shiny and busy patterned walls. A light solid dull color for walls is best. Anyone interested in a free leaflet on "Better Home Lighting," may call the Home Demonstration Office — OV 3-1252.

A typical jet airliner flying the 145-minute New York to Miami trip burns about 5,000 gallons of fuel. A like quantity of gasoline would last an average passenger car about seven years. Oil Facts reports.

**FWD WAGNER**

Four wheel drive

125 hp.

Model W44

"...usable horsepower that only full four-wheel drive can deliver."

**FWD WAGNER**

125 hp. W44's are designed for today's big farm work. New increased horsepower is converted to usable horsepower through equal distribution to four driving wheels.

Leadership can't be copied! FWD WAGNER pioneered the 4-wheel drive, center-pin hinged steering and free oscillation of both axles. Eliminate high crawler tractor operating costs and investigate rubber tire speed and mobility. Remember, in product engineering the company with the head start... stays ahead.
